

Woman (Sam Farrar of Phantom Planet remix)

Maroon 5

If I'd be so inclined to climb up beside you
Would you tell me
That the time just isn't right
And if i ever find the key you hide so well
Will you tell me
That I can spend the night Leaving your smell on my coat
Leaving your taste on my shoulder
I still fail to understand
What it is about this woman
Yeah ow wow If I could bottle up the chills that you give me
I would keep them
In a jar next to my bed
And if i should ever draw a picture of a woman
It is you
That would come flowing through my pen Leaving your clothes on the floor
Making me walk out the door
And i still fail to understand
What it is about this woman
Ow Helplessly melting
As i stand next to the sun
As you burn me
I am screaming out for more
Drink every drop of liquid
In the heat that I've become
Pop me open
Spoon me out onto the floor Leaving your smell on my coat
Leaving your taste on my shoulder
I still fail to understand
Fail to understand Leaving your smell on my coat
Leaving your taste on my shoulder
I still fail to understand
What it is about this woman
Yeah
