

# With Me

Stan Walker

oooooh...  
wanna tell you how i feel..  
how i feel, how i feel, how i feel..  
whoa, whoa, whoa, whoa,  
whoa, whoa, whoa, whoa..  
whoa, whoa, whoa, whoa,  
whoa, whoa, whoa, whoa..  
i wanna tell ya 'bout my Saviour,  
my Healer, my Redeemer, my Restore,  
who saw the pain that i was in.  
cos He sent me something special  
and she was what i asked for,  
indescribable, undeniable,  
yes, she was meant for me.  
can't you see, i'm indeed, i'm the brand new man to be  
and i'm serious, this is serious.  
where you at? don't you believe me?  
can't you see this change in me?  
its plain to see this generosity in my life, i can't deny,  
you, you, you, you,  
you make me feel like i wanna take you with me.  
and you, you, you, you,  
you always say the right things you got me thinking.  
i wanna be the one who's there to catch you when you fall again.  
wanna be the one, wanna be the one, the one you need.  
girl, please, work it out,  
right here, right now,  
i'm gonna take you with me, take you all the way with me.  
girl let me start again.  
maybe i get to excited when i see you again.  
see i don't want you to think i'm forward but  
how am i supposed to show you how i feel  
when i look into your eyes?  
  
can't you see, i'm indeed, i'm the brand new man to be  
and i'm serious, this is serious.  
where you at? don't you believe me?  
can't you see this change in me  
its plain to see this generosity in my life, i can't deny,

you, you, you, you,  
you make me feel like i wanna take you with me.  
and you, you, you, you,  
you always say the right thing you got me thinking.  
i wanna be the one who's there to catch you when you fall again.  
wanna be the one, wanna be the one, the one you need.  
girl, please, work it out,  
right here, right now,  
i'm gonna take you with me, take you all the way with me.  
you you you you make me feel  
you you you make me feel,  
you you you you make me feel  
you you you make me feel  
you you you you make me feel  
you you you make me feel  
(you make me feel)  
you, you, you, you,  
you make me feel like i wanna take you with me.  
and you, you, you, you,  
you always say the right things you got me thinking.  
i wanna be the one who's there to catch you when you fall again. (when you fall, when you fall)  
wanna be the one, wanna be the one, the one you need.  
girl, please, work it out,  
right here, right now,  
i'm gonna take you with me, take you all the way with me.  
you you you you make me feel  
you you you make me feel,  
you you you you make me feel  
you you you make me feel  
you you you you make me feel  
you you you make me feel
