

# Fragile Lives

Chris Webby

[Intro]Yeah

Shit it sucks growing up man  
Shit changes  
You lose touch with people  
You lose friends along the way, but  
You just gotta keep going man  
Yeah

[Verse 1]Man it sucks growing up  
Gotta let go of the past  
Not every childhood friendship  
is gonna to last  
People grow up and move on  
For better or worse  
Always praying for is  
that it doesn't end in a church  
We used to go on L rides  
like the city's ours.  
But now we all got real jobs  
and shitty hours.  
Huh  
And those the lucky ones  
who earn a check  
The ones who don't sit at home all day  
and blow percocets.  
Cause i've seen a lot of people on the path  
and it sucks  
Cause they almost never come back  
It's the sad truth to life,  
it's ruthless right.  
As a kid we never thought  
that we could lose the fight.  
Shit we all had big dreams  
back in middle school.  
But real life  
is played by different rules.  
And reality hurts  
So I always keep a bag of the purp.  
And pray for the best  
until they put my ass in the dirt

Word

[Chorus]Chances thrown

Nothing's free

Longing for

What used to be

Still it's hard

Hard to see

Fragile lives, shattered dreams

[Verse 2]For the teenage mothers with a baby to feed

For the kids who think the pill bottle's all that they need.

We all hit a rough patch

Get back on your feet

We only got 1 life

And it goes on

But now we're 1 less

Any V tatted on my bicep

Shit

Nick I miss you man

But I guess that fate

Just had a different plan

I thought you and me

would be kicking it in 20 years

Talking bout our wife and kids

over a couple beers, And now you're not here

And it's hard to even say in a song

But shit i've thought about you every fucking

day you've been gone

A.G. Shawn and Glock

we all gettin through the pain.

But just know that Norwalk ain't

gon' ever be the same.

You even had faith in me

back when we was kids.

You said I'd get big

back when nobody did.

So ima do this rap shit

for the both of us now

Cause I know your still up there

Holding me down

So brother, save me a spot

if something happens to me.

Until then, enjoy the show

from the balcony seats.

I love you man.

[Chorus]Chances thrown  
Nothing's free  
Longing for  
What used to be  
Still it's hard  
Hard to see  
Fragile lives, shattered dreams  
[Verse 3]For the kids who lost friends  
and family in the past  
For the kids who messed up  
and want to take it all back.  
We all hit a rough patch  
get back on your feet.  
We only got 1 life.  
If you got a dream  
you gotta get it man.  
At least try, shit.  
You may never get a second chance.  
As a kid we never thought  
that it could happen to you.  
For better or worse  
It's how I'm here rapping to you.  
Keep in touch with all ya homies  
and your eye on the prize.  
We all slip and fall down  
push your shit to the side.  
Only got one life  
better live while you got it  
Cause only one thing's for sure  
Tomorrow is not promised.  
Yeah  
[Chorus]Chances thrown  
Nothing's free  
Longing for  
What used to be  
Still it's hard  
Hard to see  
Fragile lives, shattered dreams  
[Outro]And that's it, you know.  
Life goes on.  
Gotta keep focus.  
Nicky,  
We all miss ya down here brotha.  
Ima see you though  
Yeah
