

# Solitude

## M83

Somewhere  
Back in time  
I left a part of me  
I wanna see if you can try  
To bring it back to me  
You gotta go  
When I cry  
I'm taking all the tears  
I wanna see if you can try  
Drink a little bit of it  
No  
No  
Just a little lonely  
Where I am  
I'm ticking back in time  
I wanna see if you can spot  
You finally calm a better me  
I need you  
No I don't  
Just keep me one more time  
While I try to be a friend  
So we can be together  
No  
No  
No  
No
