

Three Wishes

Dean Martin

(Three wishes just three simple wishes)

If I only had three wishes

Here is just what I would do

First I'd wish for days of gladness

With a someone sweet and true For my second wish a dream house

Cozy fireside for two

And the last of my three wishes

Please love me as I love you If I only had three wishes

Here is just what I would do

First I'd wish for days of gladness

With a someone sweet and true For my second wish a dream house

Cozy fireside for two

And the last of my three wishes

Please love me as I love you

Please love me as I love you
