

Nice People

Sage Hood

Well, you certainly are nice people
Yeah, you certainly are nice people, nice people
Certainly are nice people In your white ass suit and lion tattoos
In your white ass suit and lion tattoos
You've seen it all, seen it all, pale horse
Licks your skin, begin, begin, begin, begin, begin, begin Well, you certainly are
You certainly are nice people
You certainly are nice people, nice people In your white suit and lion tattoos
In your white suit and lion tattoos
You've seen it all, seen it all
Pale horse licks your skin
