

# Freaky Like Me (feat. Ameerah) [Main Mix]

[Madcon](#)

Freaky like me, freaky like me, freaky like me, me me  
Freaky like me, freaky like me, freaky like me, me me It was early in the morning  
I hit a shower runnin'  
I almost got remember who this girl might be And then she came back,  
I couldn't belive my eyes  
This pretty young thang with her eyes on me I know you like it when I put my hands like that  
Whisper in you ear, tell me how you like that Came freaky-eaky less what I do rust  
So come a little closer, come a little closer No-one's gonna tell you to freaky like me, freaky like me  
Freaky like freaky like me, freaky like me, freaky like me, me-me, no-one No-one's gonna tell you to freaky like  
me, freaky like me  
Freaky like freaky like me, freaky like me, freaky like me, me-me, no-one I'm feeling up their tighs  
I'm running out of course  
I had my kitty "urr" as she laid on me We windin' and grindin',  
I bought you advises  
Baby, you're like a fire burnin' motor on me I know you like it when I put my hands like that  
Whisper in you ear, tell me how you like that Came freaky-eaky less what I do rust  
So come a little closer, come a little closer No-one's gonna tell you to freaky like me, freaky like me  
Freaky like freaky like me, freaky like me, freaky like me-  
Me-me, no-one Shawty, know I never ever ever pulled you  
Do you whisker on a freaky year as I do Shawty, know I never ever ever pulled you  
Do you whisker on a freaky year as I do Cause I'm a going crazy when you do me like that  
Your freaky-eaky got me holding ridin' tracks Every time you think I wanna push it right back  
Come back, I need that no one can fix it like that Mira, Madcon, ey,  
No one can fix it like that, come on No-one's gonna tell you to freaky like me, freaky like me  
Freaky like freaky like me, freaky like me, freaky like me, me-me, no-one No-one's gonna tell you to freaky like  
me, freaky like me  
Freaky like freaky like me, freaky like me, freaky like me, me-me, no-one
