Temple of the Dead

Nocturnal Rites

A dynasty falls, another reborn
The Pharaoh's legacy, carved into stone
IN scriptures of Re, the God of the Nile
Tell how to bury the chosenOpen the temple
Entomb the soul of the kingAs the gate opened up,
and we saw the temple inside
Heard the calling from beyond,
in the temple of the deadThe new king is born, gets the white crown
Reigning in slavery, cult of the damned
The people rebel, dethroning the King
Comes withour warning, a shadow
