

# Caledonia

## Dolores Keane

I dont know that if you can see  
The changes that have come over me  
In these last few days i have been afraid  
that I might drift away  
Iv been telling old stories, singing songs  
That make me think about where I come from  
Thats the reason why I seem so far away today

### Chorus

Let me tell you that i love you  
And i think about you all the time  
Caledonia your calling me now im going home  
But if i should become a stranger  
Know that it would make me more than sad  
Caledonias been everything ive ever had

I have moved and Ive kept on moving  
Proved the points that I needed proving  
Lost the friends that i needed losing  
Found others on the way  
Ive kissed the fellas and left them sighing  
Stolen dreams yes theres no denying  
Ive travelled hard sometimes my conscience flying  
Somewhere with the wind

### Chorus

Im sitting here before the fire  
The empty room, a forest choir  
The flames have cooled dont get any higher  
They wither now there gone  
Im steady thinking my way is clear  
And I know what i will do tomorrow  
The hands have shaken, the kisses flowed  
And i will disappear

### Chorus
