We're Gonna Rock

[Bratz](#)

Who ya are, gotta let it shine
The real you who you are inside
You're the one the original, oh yeah
Gotta style you can call your own
It's time to turn it up and let it show
We've all gotta le the world know
(Chorus)
We're gonna rock and make it happen
We're gonna roll get everybody standin'
It's gonna be hot so let's start the show
We're gonna rock

Gotta song that you wanna sing
Ypu can dream, you can be anything
A rockstar playing your guitar, oh yeah
Ya got the attitude now its your time
Gotta go for it, get it right
We've all gotta let the world know
(Chorus x2)
