Lord Of Hate

Death Angel

Arise, and see your beaten master
is hungry for his spoon
His cries are met by joyous laughter
and stones from dusk till noonHe preyed upon the innocent
and thought forever more
Today He broke like fragile bones
A master-He's no moreLord of Hate
Repercussion
Lord of Hate
For your corruptionSomeday He'll stain the pages of
All books of history
The fool. The Joke. The laughing stock
What will be his legacyLord of Hate
Repercussion
Lord of Hate
For your destructionAnd his myth
is fading quick
Set adrift
Like a sinking shipLord of Hate
Lord of fraud
Lord you've been exposed
PREPARE TO MEET THY GOD!Lord of Hate
Repercussion
Lord of Hate
For your destructionAnd his myth
is fading quick
Set adrift
Like a sinking shipLord of Hate
Lord of fraud
Lord you've been exposed
PREPARE TO MEET THY GOD!
