Anti-Pleasure Dissertation

Bikini Kill

maybe i do
maybe i felt something real
for just a moment
was i wrong to trust anyone?
tell me tell me
did you tell them everything i said?
did you tell them everything?
did you tell them everything i said?
did you tell them everything i said?
(did you tell them?)
did you get a good laugh?
tell me
was it good?
was it good?
was it good for you?
did you win that race?
did you score that point?
are you so fucking cool fucking cool now?
did ya did ya did ya did ya did ya did ya
did ya did ya did ya did ya did ya?!
go tell yr fucking friends
what i saw and how i felt
how punk fucking rock my pussy smelt!
(why don't you tell them?)
i don't care i don't care
i don't care i don't care
honey baby baby this i know...
maybe i like you
maybe i do
