

Right or Wrong (feat. Jannyce)

DMX

Aye, yo you shoulda told me that shit from the beginnin' I sat up all night long, thinkin' I should let you go
Cause you're not who you used to be, used to make me fall heavy
Used to mean the world to me, and give me everything
Tell me if the love is gone, and I can just move on Why ya wanna see me yell, wanna bring trust into my life
When everything was goin' right, w-why ya hate me?
All we do is fuss and fight, baby tell me when it's gonna be right
Be right (neva) be right (neva) don't worry, I'll find somebody
Who appreciates me, loves me completely (ya think?)
Don't worry bout the small [?] (I ain't worried bout shit!)
Neva disrespects me (okey) always keeps it real with me (okey)
So even tho you did me wrong You ain't neva gonna change, no, you won't
I thought I could trust you but you let me down
And you think I'm a just sit around, ya got me mistaken
Why ya wanna see me yell, wanna bring trust into my life
When everything was goin' right, w-why ya hate me?
All we do is fuss and fight, baby tell me when it's gonna be right
Be right (neva) be right (neva) don't worry, I'll find somebody
Who appreciates me, loves me completely (ya think?)
Don't worry bout the small [?] (I ain't worried bout shit!)
Neva disrespects me (okey) always keeps it real with me (okey)
So even tho you did me wrong I know what you want! You want a dawg, but when you hit the sack
It's gonna pin yo legs in the air and break yo back
Grab a hand full of hair, give that ass a smack
Only sound you'll be hearin' is {ahahah}
I go hard, but when I gut you out
You gon' fall in luv with the way I slug you out
I'm in it dick swingin', and then when I do get down
To dick slingin', I keep my bitch singin'
(You make me feel brand new)
Aye, you know, it's the way I do
So befo' you gon' do with the crew
Cause when we meet up I want my niggas to be like {wooah}
Don't worry, I'll find somebody who appreciates me, loves me completely (ya think?)
Don't worry bout the small [?] (I ain't worried bout shit!)
Neva disrespects me (okey) always keeps it real with me (okey)
So even tho you did me wrong Don't worry, I'll find somebody who appreciates me, loves me completely (ya think?)
Don't worry bout the small [?] (I ain't worried bout shit!)
Neva disrespects me (okey) always keeps it real with me (okey)

So even tho you did me wrong
