Nowhere Road

The Farm Inc.

Wanna take a swim in your sweet love
Wanna take a spin with you girl it's been a while
See this runaway life is a bit too much
Looking for some time for the two of usIt's been a streak of long days
Baby why wait,let's get away
Where the good love rolls
Put you in clothes,baby let's goTake this love for a ride
Get rid of that map
Get a little of track
Get lost just like that
Leave this crazy world behind
Baby just drive,
Down some old nowhere roadNothing but time that ties two birds
No dead ends and there ain't no long turns
And I got no destination in mind
Loving every minute and taking up sweet time
Oh if I put you in clothes
Anything goes, baby let's goTake this love for a ride
Get rid of that map
Get a little of track
Get lost just like that
Leave this crazy world behind
Baby just drive,
Down some old nowhere roadNow we can head north,we can head south
Take you to the country,take you down town
Nobody,nowhere,no way,no how
If you're ready we can go right now,babyTake this love for a ride
Get rid of that map
Get a little of track
Get lost just like that
Leave this crazy world behind
Baby just drive,
Baby just drive,
Down some old nowhere road
