# Devil In You

## Darius

I'll make you shiver,
I'll make you shake,
It comes as no surprise,
I'll take your body,
I'll take your soul right before your eyes,
I know and you know,
I Take no lip,
I'm shooting from the hip,
Got no respect,
What the hell did you expect?
I'll blow your mind,
I'm never satisfied,
I'll make you feel brand new 'cause I'm the Devil in you
I see the real you,
see I'm the real deal,

I'll make it easy to see,
You're getting so hot,
I'll take what you got,
See now I'm playing for keeps.
I know and you know,
I Take no lip,
I"m shooting from the hip,
Got no respect,
What the hell did you expect?
I'll blow your mind,
I'm never satisfied,
I'll make you feel brand new 'cause I'm the Devil in you
