

I'm Still Fly

Chrisette Michele

Sure, yea Iâ€™ll go
Just come by about 7
I got those new stilettos
Might not dance but they reach heaven, yea
Feelin' supa fly
Just right for Mr. Right
He might be here tonight
But if heâ€™s not here, alright
Itâ€™s alright

â€™Cause I might not get with nobody
And I might just have my own party
And I might just toast to my homies
And I might leave single tonight
And I might just do my own 2 step
With the pretty girls that I came with
And Iâ€™m feelin' myself, ainâ€™t no shame in it
â€™Cause Iâ€™m digging just being who I am

Iâ€™m tryna feel like a girl wants to feel
Like when sheâ€™s in the love of her life, of her life yea
But if Iâ€™m all alone
When itâ€™s time to go home
I 2 step on my own tonight
Either way, Iâ€™m still fly

Pull up in R8
No chauffeur, so valet
Walk in, coat check, champagne on deck
Pretty smile, no sweat
Show off the dress, oh yes
Smooth, dude mackin it
Now watch us do some magic

â€™Cause I might not get with nobody
And I might just have my own party
And I might just toast to my homies
And I might leave single tonight
And I might just do my own 2 step
With the pretty girls that I came with

And Iâ€™m feelin' myself, ainâ€™t no shame in it
â€˜Cause Iâ€™m digging just being who I am

Iâ€™m tryna feel like a girl wants to feel
Like when sheâ€™s in the love of her life, of her life yea
But if Iâ€™m all alone
When itâ€™s time to go home
I 2 step on my own tonight
Either way, Iâ€™m still fly

Still fly
It's a show, we on tonight
Set the mood, kill the lights
Make a scene, steal the night
You only live once so live it up
Oh yea, me and my girls
Weâ€™re only tryna spread all this good luck
Can you feel it?
Tonight you know you rockin' with the realest

Iâ€™m tryna feel like a girl wants to feel
Like when sheâ€™s in the love of her life, of her life yea
But if Iâ€™m all alone
When itâ€™s time to go home
I 2 step on my own tonight
Either way, Iâ€™m still fly

Iâ€™m tryna feel like a girl wants to feel
Like when sheâ€™s in the love of her life, of her life yea
But if Iâ€™m all alone
When itâ€™s time to go home
I 2 step on my own tonight
Either way, Iâ€™m still fly
