

Least of All

George Jones

Oh, least of all
Least of all you Who in all this world did I
Think would be untrue?
Woh woh, least of all
Least of all, you Who did I expect the last
And tell me we were through?
Wooh, least of all
Least of all, you You, who were so understanding me
Who said to me
We would always be together
Through eternity Who now would I like to see
Her the way I do
Wooh, least of all
Least of all, you You who were so understanding me
Who said to me
We would always be together
Through eternity Who now would I like to see
Her the way I do
Woh woh, least of all
Least of all, you Ohh, least of all
Least of all, you
