## **Least of All**

## **George Jones**

Oh, least of all Least of all youWho in all this world did I Think would be untrue? Woh woh, least of all Least of all, youWho did I expect the last And tell me we were through? Wooh, least of all Least of all, youYou, who were so understanding me Who said to me We would always be together Through eternityWho now would I like to see Her the way I do Wooh, least of all Least of all, youYou who were so understanding me Who said to me We would always be together Through eternityWho now would I like to see Her the way I do Woh woh, least of all Least of all, youOhh, least of all Least of all, you
