

# Resurge

## Gone Is Gone

Wake up and get off the floor  
Hold on have you lost your mind  
Where are all your friends  
No one feels sorry  
The blink of an eye  
Can change it Feeling that wind blow through your hair  
Tasting sweetness takes you there  
Get in line to ride  
Free fall is the high  
Makes you feel alive  
Just breathing Come into a place that makes you happy  
Stay with it until the rush is through  
Holding to the star that dances in me  
Let the fire keep on feeding you I try to do the right thing by you  
Give you a helping hand  
You have the world right in front of you  
That's all I want for you
