Happy Soldier

The Dodoz

I've been thinking
Why don't we
Jump onboard some gunship
And sail away to seaAnd if I'm seized by enemy
Of any kind
I don't mind
They'll be sorry
Wait and see
The SAS will rescue meI've been thinking
I'm so bored
What a life to live and die
By the silver swordAnd if I'm crashed on stormy seas
The darkness falls and all I see
Is a desert island
That's ok
I'll use the stars to find my way
If I'm drifting to no-man's land
GHQ will lend a hand
And there's nothing king and country wouldn't do for me
