

Terrible Angels

Charlotte Gainsbourg

My head is pending
My ...is dry
But i . i wait and see it the way

...

Holly holly change into me and something else.

Inside out

Inside out

Fear and fear, freedom going down

Is just a .

Friction for me now.

Fear and fear, just pull me down

Is just a . friction for me now

I want release from isolation

I want release from

I want release, i want release

Terrible angels

Different sorrows

...

They will walk with me again

...

Why could end .

My .my protective my .

I don?t wanna .

La la la la la

Feel feel feel

Please don?t call me now

Is just a .

Reaching for me now

I want release .isolation

.good intentions, poison wine and i ain?t this .sex of

I ain? t .making .

Change change change
