

# Drink & Dial

James Otto

Well, my good buddy John likes to tie one on  
And get drunk on Friday nights  
And he's just fine till the beer and shine combine  
Then he's Jekyll and Hyde  
Starts cussin' 'bout his boss and the job he lost  
And what he'd like to say to him  
Then he reaches for his cell says what the hell  
And that's when I step in and I say  
Friends don't let their friends drink and dial  
Don't let their fingers do the walkin' when they're whiskey wild  
'Cause they're gonna wake up in the morning  
With a poundin' in their heads  
And they're gonna wish to God  
They could take back all the things they said  
So when you see your buddy reachin' for the phone  
Say friend wait awhile 'cause friends don't let their friends drink and dial  
Well, my sister Diane lost her man  
To her best old ex-girlfriend  
Now the only time he crosses her mind  
Is when the margaritas set in  
She'll start thinkin' 'bout his blue eyes winkin'  
And how he used to rock her world  
She steps out in the hall to make booty call  
And I say hold on girl because  
Friends don't let their friends drink and dial  
Don't let their fingers do the walkin' when they're whiskey wild  
'Cause they're gonna wake up in the morning  
With a poundin' in their heads  
And they're gonna wish to God  
They could take back all the things they said  
So when you see your buddy reachin' for the phone  
Say friend wait awhile 'cause friends don't let their friends drink and dial  
It ain't ever been a good idea  
To reach out and touch someone  
When you're flying high half outta of your mind  
Blowin' a .21 and I say  
Friends don't let their friends drink and dial  
Don't let their fingers do the walkin' when they're whiskey wild  
'Cause they're gonna wake up in the morning

With a poundin' in their heads  
And they're gonna wish to God  
They could take back all the things they said  
So when you see your buddy reachin' for the phone  
Say friend wait awhile 'cause friends don't let their friends drink and dial  
You know friends don't let their friends drink and dial
