Lets Get Ugly

Vaselines

Time and again
I think to myself
Oh, watch me
One less gun shell
You are, you are
You are ugly
And you are, you are
You are ugly
Oh, watch me
That's her alone
I've started to cry
I've started to moan
You are, you are
You are ugly
And you are, you are
You are ugly
Time and again
I think to myself
Oh, watch me
One less gun shell
You are, you are
You are ugly
And you are, you are
You are ugly
