

The Conjuring (Randy Burns Mix)

Megadeth

Welcome to our sanguinary sect of worship
Feel at home in our black conventicle
As we anathematize all of those who oppose us
Don't summon the devil
Don't call the priests
If you need the strength
The conjuring, obey
Behold the flames rise
From the compass cardinal points
Burn the sacred oil
And, with the ashes you'll anoint
Arrange the symbols
Of the wizard, and, magician
Light the candles
Place the parchment paper in position
Between its leaves place
The lash from a black cat's eye
A straw of a broom
Fold, burn, centralize
Don't summon the devil
And don't call the priests
If you need the strength
The conjuring
I am the devil's advocate
A salesman, if you will
You know my name
You know my name
I met your father years ago
Gave him what he'd please
He called my name
You'll do the same
I'm claiming what is mine by right
It's time to close the deal
You're bought and sold
Bought and sold
Come join me in my infernal depths
Mephisto hall of fame
I've got your soul
I've got your soul
The conjuring
Obey
