

# Let It Roll

## Little Feat

Rollin' down highway 95  
Sailin' through her hometown countryside  
Move on over stand astride  
My cruise control's in overdrive  
Need to take my baby for a ride Oh she's like a smooth stretch of highway  
Oh she's like a cool Summer breeze  
If my motor's runnin' right, we might lose control tonight  
Got the shape I love to squeeze, looks that bring me to my knees  
Oh please, let it roll tonight Might be doin' more thahn fifty-five  
When I sit my baby right down by my side  
Where the rubber hit the road  
This rig don't dig no overload  
Come on, and let my baby ride Oh she's like a smooth stretch of highway  
Oh she's like a cool Summer breeze  
If my motor's runnin' right, we might lose control tonight  
Got the shape I love to squeeze, looks that bring me to my knees  
Oh please, let it roll tonight Now I know just how heaven feels  
When she reach beneath my big old steerin' wheel  
Dyna flow, power glide  
Bored and stroked, I'm satisfied  
When I take my baby for a ride Oh she's like a smooth stretch of highway  
Oh she's like a cool Summer breeze  
If my motor's runnin' right, we might lose control tonight  
Got the shape I love to squeeze, looks that bring me to my knees  
Oh please, let it roll tonight
