

Brighter Than The Sun

Tiamat

we could wander in the garden of eden baby
we could do anything tonight, maybe
we could even touch the sky
if we just get up on our feet and try
we could wander in the garden of eden baby will you settle for the bull's run
for the second best of fun
for the fire of a handgun
burns brighter than the sun any colour you like as long as it's black
you could have anything if you just give it back
you could be a celebrity like me
it won't change anything as you will see
any colour you like as long as it's black
