

Out Like a Lion

Whitehorse

I'm not yours
You are mine
Let that sink in
Like the Mary Rose She went down
With a heavy load
Who is this fadin' flower? Come to life
In the spring
I was shakin' from your sting
But you should know
In like lamb
Out like a lion
Yeah, I came in like a lamb
Out like a lion We grew up
So we were told
Time just leaves us
Out in the cold Seasons change
I'm gettin' warm
A feline in mohair Come to life
In the spring
I was shakin' from your sting
But you should know
In like lamb
Out like a lion
Yeah, I came in like a lamb
Out like a lion Come to life
In the spring
I was shakin' from your sting
But you should know
In like lamb
Out like a lion
Hey, I came in like a lamb
Out like a lion
Hey, I came in like a lamb
Out like a lion
