

Judgement

TryHardNinja

Welcomed you, underground with open arms
You knew how fragile their souls were to your abuse
I let you roam around care free
They're not your enemies

All this time, determination served as your lone guide
Mercy or genocide, yours to decide
But consequences they increase
You will answer to me

I exist outside it even if restarted
Your actions won't erase
Nothing safe from my eyes
You might but numbers don't lie
I can see your real face, so, tell me

Is there love? Is there love? Is there love in your heart?
Or kindness in your eyes?
Execute, execute, execute if you want
Retribution for your crimes
Were you honest with yourself?
'Cause I'll know when I take a look inside
Is there love? Is there love? Is there love in your heart?
Then judgement will be mine

Might be fun but your brutality can't be undone
And you know you don't wanna get dunked on
So, contemplate your cruelty
Only killers play dirty

Spare their lives, consider twice before being unkind
Or you will end up having a bad time
No puns to make because it's true
The joke will be on you

I exist outside it even if restarted
Your actions won't erase
Nothing safe from my eyes
You might but numbers don't lie

I can see your real face, so, tell me

Is there love? Is there love? Is there love in your heart?

Or kindness in your eyes?

Execute, execute, execute if you want

Retribution for your crimes

Were you honest with yourself?

'Cause I'll know when I take a look inside

Is there love? Is there love? Is there love in your heart?

Then judgement will be mine

"So, I've got a question for ya"

"Do you think even the worst person can change?"

"That everyone can be a good person if they just try?"
