

# It's a Little Too Late

Tanya Tucker

Well, I was up all night, well, wonderin' what to do  
Thinkin' that I oughta just forget about you  
But it's a little too late, well it's a little too late  
When you walked in, I shoulda walked out  
But it's a little too late to do the right thing now Well, the whole town told me you're a heartbreak king  
Guess, I oughta pay attention when they say those things  
But it's a little too late, well, it's a little too late  
I know all my old buddies wanna help me out  
But it's a little too late to do the right thing now Turn the jukebox up, throw some sawdust down  
I'm too far gone to turn this heart around  
I may be wrong but I don't want out  
Well, it's a little too late to do the right thing now Turn the jukebox up and throw some sawdust down  
I'm too far gone to turn this heart around  
I may be wrong but I don't want out  
Well, it's a little too late to do the right thing now I was up all night, well, wonderin' what to do  
Thinkin' that I oughta just forget about you  
But it's a little too late, well, it's a little too late  
When you walked in, I shoulda walked out  
But it's a little too late to do the right thing now  
I may be wrong but I don't want out  
Well, it's a little too late to do the right thing now
