Tiger Lou

It's cold in here  
The music is too loud  
I hate this place  
I hate this crowd  
Should leave I guess  
Oh, I know I should  
'Cause it feels just like you said it would  
Oh, it feels just like you said it would  
Hmmm...  
The music stops  
and in the blink of an eye  
She tells me  
to give it a try  
Could stay I guess  
Oh, I know I could  
'Cause it feels just like you said it would  
Oh, it feels just like you said it would  
Hmmm...
