

# Breathe Again

## Art of Dying

When I hesitate I know it's just too late  
To bring you back but still I need you  
I can't communicate the burden of this weight  
My world is black until I see you Now I don't know how, I don't know when  
But I can finally breathe again  
Life's too short, the day's too long  
In the end I knew it all along, I knew it all along Two sides of a knife, story of my life  
The pain is sharp a comfort bleeds through  
I can't seem to clear my head, I wish that I was dead  
Falling apart 'cause I still need you Now I don't know how, I don't know when  
But I can finally breathe again  
Life's too short, the day's too long  
In the end I knew it all along Like a newborn child  
Like a raven in the wind  
I can finally breathe again  
I can finally breathe again When I hesitate I know it's just too late  
To bring you back but still I need you Now I don't know how, I don't know when  
But I can finally breathe again  
Life's too short, the day's too long  
In the end I knew it all along Like a newborn child  
Like a raven in the wind  
I can finally breathe again And I don't know how, I don't know when  
But I can finally breathe again  
Life's too short, the day's too long  
In the end I knew it all along Like a newborn child  
Like a raven in the wind  
I can finally breathe again, yeah  
I can finally breathe again, yeah  
I can finally breathe again I don't know how, I don't know when  
But I can finally breathe again  
Life's too short, the day's too long  
In the end I knew it all along I can finally breathe again  
I knew it all along  
I can finally breathe again
