Love Sponge

Buju Banton

Got to let this woman know it's real
Exactly how the rude boy feel
Oh baby, oh lady, yeah
This one is called lovers choice
Never know you woulda really feel so nice, love sponge
I don't wanna let you go
With you I'm in no hurry, oh, no
This one is called lovers choice
Never know you woulda really feel so nice, love sponge
I don't wanna let you go
With you I'm in no hurry, oh, no
Lord, you are lovable, kissable, desire the inevitable
Without your sweet caress I'm so damn miserable
Touch your finesse, feel the fur of your coat
Seen you walk away saying my eyes in smoke
You are dressable, lookable, all the man dem after you
They claim you do somethin' they just can't explain to the brain
Your man shouldn't have no complain, oh no
This one is called lovers choice
I never know you woulda really feel so nice, love sponge
I don't wanna let you go
With you I'm in no hurry, oh, no
This one is called lovers choice
Never know you woulda really feel so nice, love sponge
I don't wanna let you go
With you I'm in no hurry
Hey, slow motion is the way for us to enjoy the day
Always takin' time to listen what she got to say
She thinks I be spendin' too much time on the beat
I try to make her over stand that's how we eat
Darlin', don't quarrel with me, it hurts too easily
Don't be messed up by silly tendency
No, no, way
This one is called lovers choice
I never know you woulda really feel so nice, love sponge
I don't wanna let you go
With you I'm in no hurry, oh, no
This one is called lovers choice
I never know you woulda really feel so nice, love sponge

I don't wanna let you go
With you I'm in no hurry
She make a can forget about the hugin' and squeezin'
Ah feel as if I'm upside down in the ceilin'
Confess, this girl is the ultimate thing
What it means to be loved, need no askin', no
Swing, baby, swing, while I continue sing
Your favorite song, let's go dancin', hey
This one is called lovers choice
I never know you woulda really feel so nice, love sponge
I don't wanna let you go
With you I'm in no hurry, oh, no
This one is called lovers choice
I never know you woulda really feel so nice, love sponge
I don't wanna let you go
With you I'm in no hurry
You are so lovable, kissable, desire the inevitable
Without your sweet caress I'm so damn miserable
I take a smoke, And I nearly choke
Oh, God, this girl is serious and she's no joke
She's so dressable, lookable all the man dem after you
They claim you do somethin' no man would explain
Oh, gosh, your man couldn't have no complain, boom
This one is called lovers choice
I never know you woulda really feel so nice, love sponge
I don't wanna let you go
With you I'm in no hurry, oh, no
This one is called lovers choice
I never know you woulda really feel so nice, love sponge
I don't wanna let you go
With you I'm in no hurry
