

# You're Not From Here

Lara Fabian

I don't know what is going on  
You turn around and touch my heart  
A silent moment speaks the truth  
Something has happened all at once  
It should have scared me in advance  
But I was falling in those eyes of yours  
And so fear was gone  
I knew there was nothing else I'd ever want  
I know you, you're not from here  
I've waited for you to appear  
To take my breath away and make me weep  
You're not from here, not from this here and now  
Just a touch of yours and I fly, I fly and I fly  
I can't get used to missing you  
If this is how it's gotta be  
I need an angel to watch over me  
No one can hold the hands of time  
But I can hold you in my mind  
Over and over like a melody  
For now, I'll stand still  
For now, I'll be filled by the memory of your skin  
I know you, you're not from here  
You don't belong to lies and tears  
The greatness of your soul makes me weep  
You're not from here, not from this here and now  
Just a touch of yours and I fly and I fly and I fly  
You're not from here  
I've waited for you to appear  
To take my breath away and make me weep  
You're not from here, not from this here and now  
Just a touch of yours and I fly and I fly and I fly
