One On One

Judas Priest

I am your darkest hour
I am your fall from power
I am the voice you dread and I'm
Screaming out inside your headI am the final count
I am your demons out
I am the worst demise
I'm gonna cut your big words down to sizeWhat is this?
I hear you shout
Face to face
I'm gonna take you outOne on one, bring it on
One on one, take me onI am the awful truth
I am the fearless youth
I am the cross to bear
And the one who dares to return your stareI am the fist of God
I am the underdog
I'll always stand my ground
While the others scatter all aroundAgainst all odds
Despite it all
I'm at my best when I'm against the wallOne on one, bring it on
One on one, take me onI am the bloodstained past at last
That's finally caught up with you like
The glint of steel from out of the dark the last
Thing you will feel - I'm outgunned, I'm outRun, I'm undead and then I found the skin
You shed I am the questions asked
That send the shivers down your backSo I am holding out
And I'm much stronger now
So take me onOne on one, bring it on
One on one, take me onI am the darkest night
I am the viper's strike
I'll see you all consumed
As you start to lick your mortal woundsLike the condemned man
Who just won't die
I'll show no remorse
I'll never walk awayOne on one, bring it on
One on one, take me on
