

Mr. Owl Ate My Metal Worm

Destroy Rebuild Until God Shows

Talk won't work this out
I don't need to shout, I just need to scream!
So stop tellin' me I'm not the man that man that I should be.
You blame me! Shame me! You take it all out on me.
So stop tellin' me I'm not the man you should believe.

(Chorus)
If dying is you're way out, then count me in I'm comin'!
Maybe you'll difference me. (ohh woah)
And I'm so used to being a coward, it's all I've ever been.
I quit before i win.

Stand tall and fight this out
you can't call for help
you can't make a scene!
Stop actin' out like you're the one that's meant to be.
Take me! Hate me! You can't make me come clean.
So stop tellin' me I'm not the man you should believe.

(Chorus)
I'd like to keep cuttin'
I'd like to keep cuttin'
But i can't stand to watch myself bleed. (X4)

(chorus)
I quit before I win!
I quit before I win...
