Love Letter

The Statesmen

[Chorus]Baby I'm not usually a shy dude
and I know we use to date in high school
no more
It's just a little something that I wrote
love letter just a little love letter
saying hey girl I know you don't know me
but maybe we could chill some time
drink a little wine
you'll find
everything you need is right in front of your eyes
got me singing hey girl I know you don't know me
and I betcha get this all the time
but I can't lie
every time you leave I want to press rewind
say hey hey hey
I love you
(chica chica chica)
hey hey hey
I love you
see what I was really trying to say was well uh
[Verse 1]L-O-V-E is a four letter word
she got me looking for a better herb
cause she getting highest
higher than the clouds
on my flight to L.A. and I'm looking for the flyest
if love is a drug I just want to try it
one hit of her lips is like a coke diet
can't eat can't sleep
I can't silence what I feel so deep
and my heartbeats for her
and she don't want me
but all I need is time and time is money
and I'm a grown man just trying to be funny
but I guess this is about money
and cars so I close my tab at the bar
so I close my tab at the bar
and just then she walked in
I had to to tell her
[Chorus]I'm not usually a shy dude

and I know we use to date in high school
no more
it's just a little something that I wrote
love letter just a little love letter
saying hey girl I know you don't know me
but maybe we could chill some time
drink a little wine
you'll find
everything you need is right in front of your eyes

got me singing hey girl I know you don't know me
and I betcha get this all the time
but I cant lie
every time you leave I want to press rewind
say hey hey hey
I love you
(chica chica chica)
hey hey hey
I love you
see what I was really trying to say was well um
[Verse 2]she's a saint I'm a sinner
she want to drink wine I got a vineyard
I'm straight but a little off centered
and it would mean the world if you wanted to enter
I let ya up inside my she could ride my
(step)
lady gaga
(ohh)
shenana
I'm feeling good but I need her love
cause when it all adds up
(chica chica)
A plus
I'm just a regular guy who's gettin' paid
Every single day, dancing in the rain
Bitch I'm on and I want you
I even wrote this song just to flaunt you
I love you
[Chorus]Baby I'm not usually a shy dude
and I know we use to date in high school
no more
It's just a little something that I wrote
love letter just a little love letter
saying hey girl I know you don't know me
but maybe we could chill some time

drink a little wine
you'll find
everything you need is right in front of your eyes
got me singing hey girl I know you don't know me
and I betcha get this all the time
but I can't lie
every time you leave I want to press rewind
say hey hey hey
I love you
(chica chica chica)
hey hey hey
I love you
see what I was really trying to say was well um
