

# High

## Eric Clapton

High upon a mountain top  
Where the eagle builds his nest  
    I shall go wandering  
    Trying to put my mind at rest  
    And I shall never cease  
Until the day I die  
He was once a friend of mine  
    But I did not know or care  
    Until she said goodbye  
I cried till I could hardly see  
    The meaning of my life  
    What do I do now?Yea  
        Ooo, ooo  
        Ooo, ooo  
        Ooo, ooo  
AaaHigh upon a mountain top  
Where the eagle builds his nest  
    I shall go wandering  
    Trying to put my mind at rest  
    And I shall never cease  
    Until the day I die
