

# Gestated Rabidity

## Aborted

Malodorous Scent Of Decay  
Reeking My Path To The Storageshed  
Urges Deep Inside The Cortex  
Raging Through The Cervix  
Cranial Decay...As I Grab The Saw...Eviscerated Carnal Delicatesse  
Had Been Lying Around For Days  
My Cannibalistic Malpractice Enthralls  
Gangrenous Process In Excess  
Bereaving The Swarm Of Flesh  
A Malpractice In Necronutricious Form...Malodorous And Malicious  
The Haemoglobine Infects My Cortex  
Artistically Rearranging Chromosomes  
Intricate Carnal Thirst Takes Control  
Furious And Eloquent Hunger  
A Shot, A Fix  
A Plate Of Necrotorous PleasureVoraciously, The Haematobic  
Lesions Infect And Spread The Haemoglobinic Syndrome  
Perversity, The Haematobic  
Lesions Infect And Spread  
The Hunger Is Back...Miscreant Heretic Foe  
Causing Me To resect  
Natural Life In Defect...Spreading Through The Bloodflow...Eviscerated Carnal Delicatesse  
Had Been Lying Around For Days  
My Cannibalistic Malpractice Enthralls  
Gangrenous Process In Excess  
Bereaving The Swarm Of Flesh  
A Malpractice In Necronutricious Form...Malodorous And Malicious  
The Haemoglobine Infects My Cortex  
Artistically Rearranging Chromosomes  
Intricate Carnal Thirst Takes Control  
Furious And Eloquent Hunger  
A Shot, A Fix  
A Plate Of Necrotorous PleasureGestated Rabid Hunger  
A Thousand Tombs I Plunder
