

# Fever

## Starsailor

There's a fever  
On the freeway  
In the mornin'  
In the mornin' And the lover  
Smilin' for me  
Without warnin'  
Without warnin' There's an outlaw  
On the highway  
And she's fallin'  
And she's fallin' Man, I must have been blind  
To carry a torch, for most of my life  
These days, I'm hangin' around  
You're out of my heart and out of my town There's a fever  
On the freeway  
In the mornin'  
In the mornin' And the lover  
Smilin' for me  
While she's fallin'  
While she's fallin' Man, I must have been blind  
To carry a torch, for most of my life  
These days I'm hangin' around  
You're out of my heart and out of my town There's a fever  
On the freeway  
In the mornin'  
In the mornin' And the lover  
Smilin' for me  
Without warnin'  
Without warnin' Man, I must have been blind  
To carry a torch, for most of my life  
These days I'm hangin' around  
You're out of my heart and out of my town
