

Move To Bremerton

[MxPx](#)

When I meet a special girl
She always lives somewhere else in the world
Don't want to call her on the phone
I wanna talk to her when I'm at home
Move to Bremerton, we'll hang out
Move to Bremerton, we'll go all out
Move to Bremerton, will you be mine?
I'll change the street signs you drive down
So you end up in my town
I'll re-draw the maps all one by one
So they all lead to Bremerton
Drop out of school and run away
Quit your job, you got a place to stay
Pack your bags and hitch a ride
Bremerton's a good place to reside
Move to Bremerton, we'll hang out
Move to Bremerton, we'll go all out
Move to Bremerton, will you be mine?
Move to Bremerton, we'll hang out
Move to Bremerton, we'll go all out
Move to Bremerton, till the end of time
If you own a brain and use it too
You gotta know I have a crush on you
I'm a sucker for a level headed girl with a pretty smile
She gotta have ideas, yeah and she gotta have style
Drop out of school and run away
Quit your job, you got a place to stay
Pack your bags and hitch a ride
Bremerton's a good place to reside
Move to Bremerton, we'll hang out
Move to Bremerton, we'll go all out
Move to Bremerton, will you be mine?
Move to Bremerton, we'll hang out
Move to Bremerton, we'll go all out
Move to Bremerton, till the end of time
Move to Bremerton, we'll hang out
Move to Bremerton, we'll go all out
Move to Bremerton, will you be mine?
Move to Bremerton, we'll hang out
Move to Bremerton, we'll go all out
Move to Bremerton, will you be mine?
