

# Stoner-Hate

## Scars on Broadway

Superfragilisticexpialadocious  
Is a word to me, mama mia  
Losing all my patience  
In the hall of fabrications  
It's so easy to say, easy to say When you sing la, la, la, la, la  
Stoner hate has got your back  
California has been invaded  
By a hippie psychopath When you sing la, la, la, la, la  
Stoner hate has got your back  
California has been invaded  
By a hippie psychopath And I'm rude, obnoxious  
With an intent to kill  
Rude, obnoxious  
With an intent to kill Superfragilisticexpialadocious  
Is a word to me, just like a mama mia  
Losing all my patience  
In the hall of fabrications  
It's so easy to say, easy to say When you sing la, la, la, la, la  
Stoner hate has got your back  
California has been invaded  
By a hippie psychopath When you sing la, la, la, la, la  
Stoner hate has got your back  
California has been invaded  
By a hippie psychopath And I'm rude, obnoxious  
With an intent to kill  
Rude, obnoxious  
With an intent to kill Superfragilisticexpialadocious  
Is a word to me, just like a mama mia  
Losing all my patience  
In the hall of fabrications  
It's so easy to say, easy to say When you sing la, la, la, la, la  
Stoner hate has got your back  
California has been invaded  
By a hippie psychopath When you sing la, la, la, la, la  
Stoner hate has got your back  
California has been invaded  
By a hippie psychopath
