

Nocturnal Blasphemy

Vital Remains

Blasphemy Awakened by nocturnal cries
Summoned to rise when the full moon rise
Sanctified blood inhumanity dies Nocturnal blasphemy Breaking through the Vatican's walls
Premature souls back from the dead
Paying their visit blasphemous calls
Placed upon the altar gifts of rotting flesh Nocturnal Blasphemy Creating pandemonium within the chapel
Molesting the crucifix demon's lurk
Pissing out bloody urine poisoning water
Sacilegious baptism to the devil a daughter Scriptures torn/Bibles burned/Altars upturned
Chalice smashed/Bloodsoaked robes Darkened hatred/Evil sins/Tortured souls
Darkness lifts evil spirits Nocturnal blasphemy
