

No Competition (feat. Yazz & Serayah)

Empire Cast

~Serayah~

Everybody wants to shine,
But they can keep on wishing
Cause ain't no stars made overnight
And ain't no competition out herePetition out here

Petition out here

And ain't no competition out here

Petition out here

Petition out here

I don't see no competition!~Yazz~

Where they at, where they at

I don't see no one

I'm Ray Charles, I'm Steve Wonder, with a blind fold on

It's getting darker than a bitch out here

Hard as hell to get a pitch out here

Throwing money like I'm rich out here

Drinking liquor like a fish out here

Mama I wanna be famous

Let them all know what my name is

I gotta make some arrangements

Money come, go, and it changes

Just to be working the latestI pray everyday like a Christian

Mommy and Daddy and all of my family

I don't see no competition!

n'Ooohhhhhhhh!~Serayah~

Everybody wants to shine,

But they can keep on wishing.

Cause ain't no stars made overnight

And ain't no competition out herePetition out here

Petition out here

And ain't no competition out here

Petition out here

Petition out here

I don't see no competition!~Yazz~

Where they at, where they at

I don't see nada

And I got eyes like I'm Fetty Wap,

I don't see nothing but dollars

Bouncing harder than a check out here

Hard as hell to get respect out here
I just wanna be the next out here
They be wanting me to flex out here
Mama I just want to make it
Make all the girlies get naked
Make 'em drip drop on the dance floor
Pockets so fat that my pants low
Just to be working the latest
I pray everyday like a Christian
Mommy and Daddy and all of my family
I don't see no competition!
N'ooohhh!~Serayah~
It's a rumble in the jungle underneath the stars
But we ain't going nowhere 'till we win the war
I'm fighting but my back is up against the wall
The bigger that they are, The harder that they fall
We gotta keep movin', keep movin'
It's all to carry on, But im undisputed
'Disputed, 'Disputed, The champion
~Yazz~
Where they at, where they at
I don't see no one
~Serayah~
Where they at, where they at
I don't see no one~Yazz~
Where they at, where they at
I don't see no one~Serayah~
Where they at, where they at
I don't see no one
~Yazz~
Where they at, where they at
I don't see no one
~Serayah~
Where they at, where they at
I don't see no one
~Yazz~
Where they at, where they at
I don't see no one
~Serayah~
Where they at, where they at
I don't see no one
Everybody wants to shine
But they can keep on wishing
Cause ain't no stars made overnight
And ain't no competition out here

'petition out here

And ain't no competition out here
'petition out here
