

Hey Boy

Heidi Montag

Dont think that your hitten from a team
Cuz you dont know what it means to be a real man
Dont act like your payin my bills
When you know your broke ass cant even pay attention
Its not for free boy
Your not the one for me
Just uncanny boy
Your not the one for me
Im tired of you keeping me down
All the bitches had enough of yourt demons
Im tired of the way you get around
You switch your stories and your making me believe 'em
You'll get caught sooner or later
Hey Boy your not the one for me
Your not the one for me
Wanna be a smooth operator
Hey Boy your not the one for me
Hey boy the one for me
I dont wanna be with you
Watch this I'm quitting your scene
Before you even know your on the D list
Watch me gettin treated like a queen
With a better hearted man
And im gonna let him hit this
You'll be sorry when boy
Your not the one for me
Cry in your procardy boy

Your not the one for me
Im tired of you keeping me down
All the bitches had enough of yourt demons
Im tired of the way you get around
You switch your stories and your making me believe 'em
You'll get caught sooner or later
Hey Boy your not the one for me
Your not the one for me
Wanna be a smooth operator
Hey Boy your not the one for me
Hey boy the one for me

Live it up now while you can
Cuz its your last night as my man
Your just a boy who had a girl
And didnt know he had the world
Always thinking your the one in control
Now it looks like your feeling lost cuz
Im tired of you keeping me down
All the bitches had enough of yourt demons
Im tired of the way you get around
You switch your stories and your making me believe 'em
You'll get caught sooner or later
Hey Boy your not the one for me
Your not the one for me
Wanna be a smooth operator
Hey Boy your not the one for me
Hey boy the one for me
I dont wanna be with you
