

# Crazy in My Heart

## Kamaliya

My heart is turning like.... a satellite

And I'm lost in you... like a fool

ed on you... at first sightFast & slow

My heart is beating like...it's going wild

And I come alive .... Energized

Every time... we make loveShining down like rain...falling on my skin

Lovers in a scene... Breathing you within... my heart

()

Crazy in my heart because you're there

Flowing in my veins - you're everywhere

Crazy in my heart cause you're the rhythm

Beating...softly...

Crazy in my mind cause of this love

Driving me insane - I don't know

How you... Do it... Baby

Take me... shake me... make me...lose control

Drive me .... Crazy... Drive me...Crazy...

Crazy...Crazy... in my heart

Purple skies... The earth is movin' round ...it's upside down

And I'm hypnotized ... for some time

When I look...in your eyes

Crazy how... This love is pouring down... all over me

And I like the way... it gives me

Natural highs... day and nightShining down like rain...falling on my skin

Lovers in a scene... Breathing you within... my heart
