Blue Movie

Sneaker Pimps

Get on the gospel train for my Lord is coming soon
Get on the gospel train for my Lord is coming soonSo you had me going too, any day I've the taste just laughed
On a week of solar wings, getting off on electro-flesh
All the boys and all the girls, making out we're taking turns
The sound was going down, I could see how Jesus weptGet on the gospel train for my Lord has come to soon
Watching movies, true blue movies
Get on the gospel train for my Lord has come to soon
Watching movies, true blue moviesExposure on a TV screen, Technicolor rainbow kiss
Bruises on his solarplex, baby faced the biting lips
All the boys and all the girls, cutting noise with instant thrills
Insects on incest friends, heaven dressed the Judas filmGet on the gospel train for my Lord has come to soon
Watching movies, true blue movies
Get on the gospel train for my Lord has come to soon
Watching movies, true blue moviesSo whatever happened to love talk and polite remarks
Mind willing and her body weak
She's a star in a galaxy of real go fast
I'm the boy on all the girls
Taking off their Bible belts storm girls on self destruct
And I can see how Jesus feltGet on the gospel train for my Lord has come to soon
Watching movies, true blue movies
Get on the gospel train for my Lord has come to soon
Watching movies, true blue moviesGet on the gospel train for my Lord has come to soon
Watching movies, true blue movies
Get on the gospel train for my Lord has come to soon
Watching movies, true blue moviesGet on the gospel train for my Lord is coming soon
Get on the gospel train for my Lord is coming soon
Get on the gospel train for my Lord is coming soon
Get on the gospel train for my Lord is coming soon
