

# Oooh

## Caravan Palace

[Intro]Yo, what up girl

How you doin

I was thinkin We'd go back to my place  
or sumthin'

Uh

[Verse 1]One kiss and I had you hooked

Got you callin' me every day and night

One touch and I had you shook

Now your tellin' all your girls that I do it right

Told me that I was the first

That ever made you wanna do the things you do

First one who ever put it down

First one who ever made you say

[CHORUS]Ooooh, I love it when you make me go, Ooooh

'Cause then you wanna gimmie some, Ooooh

All because I made you go, Ooooh, Ooooh

Ooooh, I love it when I make you go, Ooooh

'Cause then you wanna gimmie some, Oooh

All because I made you go, Ooooh, Ooooh

[Verse 2]Your body all over me

Got me up against the wall to your favourite song

All night and I cant believe

That you can keep it goin 'til the early morn'

Whatever you want from me

Its yours all because of how you make me feel

Ain't nothing that I wouldnt do

All because you always make me go

[CHORUS]Tell me the way you like it, fast or slow

I know the way to make you lose control

Won't take advantage, baby, of your love

Just wanna make sure that you get enough

[Ad libs]What, why you (??) girl

Okay, I get it.

You want me to do what?

Right here?

Oh!

Said you want it

Said you need it

Gotta have it  
Oh!  
Said you want it  
Said you need it  
Gotta have it  
All I wanna do is make you go Ooooh  
Love it when you make me go  
Ill make you say Ooooh Ooooh Ooooh  
Make you say Ooooh Ooooh Ooooh  
And it feels so good  
Love it when I make you go  
Make you say Ooooh Ooooh Ooooh  
And it feels so good
