

# Like U Crazy

## Mates of State

I like you crazy(x3)  
You crazy(x2)I like you crazy(x3)  
You crazy(x2)I'm suffering lonely ones too  
And I can't resist sending this on a whim  
There's a compulsion to mend  
Write on the wall, my loudest pen goesI can't wait to say all the things you can't see  
All the things that make you better  
'Cause I can say all the things you can't see  
All the things that make youI like you crazy(x3)  
You crazy(x2)I like you crazy(x3)  
You crazy(x2)Hot summers repeating  
Bubs noticing bees in the air  
Won't get off this rail  
Then great hope remains honestlyObserving the critic  
I knew you had plenty to say  
I could not resist watching you with himI can't wait to say all the things you can't see  
All the things that make you better  
'Cause I can say all the things you can't see  
All the things that make youI like you crazy(x3)  
You crazy(x2)I like you crazy(x3)  
You crazy(x2)I like you crazy(x3)  
You crazy(x2)I like you crazy(x3)  
You crazy(x2)
