

# Don't Talk About Him, Tina

## Pistol Annies

Advisory - the following lyrics contain explicit language:

Don't talk about him, Tina  
Best thing he ever did was leave ya  
You better pull yourself together  
Tina, I swear you're better than just  
Waitin' around on some rodeo man You gotta get yourself up and dust them boots off  
Ain't no use in stayin' sad or pissed off  
You know how them cowboys are  
They stay awhile, then they break your heart  
So put your lipstick on and let's go paint up this town  
And when the boys come around Don't talk about him, Tina  
Best thing he ever did was leave ya  
You better pull yourself together  
Tina, I swear you're better than just  
Waitin' around on some rodeo man Hey bartender, my friend needs a double  
Something strong to get her through her trouble  
The boy down the bar just gave you a wink  
I bet he'll buy you another drink  
Before you know it, you'll be dancin' his memory away  
Just watch what you say Don't talk about him, Tina  
Best thing he ever did was leave ya  
You better pull yourself together  
Tina, I swear you're better than just  
Waitin' around on some rodeo man There's no easy way to mend a heart  
This oughta be a real good start  
So smile real pretty, 'cause here he comes  
And don't you dare do anything dumb Like talk about him, Tina  
Best thing he ever did was leave ya  
You better pull yourself together  
Tina, I swear you're better than just  
Waitin' around on some rodeo man  
Don't just wait around on some rodeo man
