

# Chards

**Jimmy Arnold**

I should have known right from the start  
You'd come to break my heart  
Showing me all I'd never be a part of  
Leaving nothing but the chards of  
Everything I ever wanted  
not to have and to never to hold  
Fall will fall with Winter to follow  
I will bury it in the snow & cold  
and watch the seasons change  
history turning pages  
and grow old This is how it all ends before it even begins  
Can we even be friends  
before my heart is on the mend- I don't know  
You only left me with chards,  
You only left me with chards, Chards  
Chards of a broken heart Not in the stars, Not in the cards  
Not in tea leaves, not in waking dreams  
Not now or ever before  
Don't come 'round here no more  
Don't come 'round here no more  
Don't come 'round here no more  
I'm closing the door  
That's all I know for sure  
but that's all I need to know  
go on with the show No more looking back, son  
I thought you were the one  
but it's clear I was wrong  
so it's the last song  
sing it out loud  
singin' it out hard  
I'm holding on to these  
chards  
chards of a broken heart
